

Romil Thummar

Java Developer (Fresher)

✉ romilthummar813@gmail.com ☎ 8487981808 📍 Ahmedabad 🔗 LinkedIn

SUMMARY

Detail-oriented MCA student with strong knowledge of Java, Spring Boot, REST APIs, and MySQL. Skilled in building backend applications using Object-Oriented Programming, Collections Framework, and Maven. Familiar with Docker, AWS, Git, and Postman, with a strong interest in Java backend development.

EDUCATION

Master of Computer Applications(MCA) <i>chimanbhai patel institute/Sardar Vallabhbhai Global University (SVGU),</i> Ahmedabad	08/2025 – 05/2027
Bachelor of Computer Applications(BCA) <i>B P College of Computer Studies/KSV(Kadi Sarva Vishwavidyalaya),</i> Gandhinagar	07/2022 – 05/2025

SKILLS

Technical Skills Java (Core Java, OOPs, Collections, Exception Handling)	Backend Spring Boot, REST APIs
Build Tool Maven	Cloud Platforms Google Cloud Platform (GCP), Amazon Web Services (AWS), EC2, S3
DevOps Tools Terraform (Infrastructure as Code), Docker (Containerization)	API Testing Postman
Version Control Git, GitHub	

CERTIFICATIONS & TECHNICAL BADGES

Extracurricular Achievements • Event Volunteer – Inter Cricket Competition (2026) Managed field logistics and team coordination for the tournament hosted by Sardar Vallabhbhai Global University (SVGU), Ahmedabad. • Athletic Achievement – Marathon Competition (2019): Secured 3rd Position in the District Level Marathon organized by Amreli Jilla Vidyasabha at Vidyasabha School, Amreli.	The Linux Foundation: LFD121: Developing Secure Software (Sep 2025) Implementing secure development practices, identifying common software vulnerabilities, and applying foundational cybersecurity principles to open-source software delivery.
